

Appendix No. 4

Table of navigation rules for Teplá Vltava and Vltava between Soumarský Most - bridge at Pěkná - Variant 5B

Section reserved for navigation	Permitted navigation period	Permitted daily hours for navigation	Water level approved for navigation ^a	Types of vessels	Number of vessels ⁸	Starting and finish points	Resting points
Soumarský Most – bridge at Pěkná	01.05.-31.5. Sat. Sun. holidays	8:00-20:00	50 - 61cm (water gauge at Soumarský Most)	canoes and kayaks only	Up to 7 registered vessels per hour (i.e. max 63 vessels a day) + guide (groups of up to 5 boats included do not need a guide)	Soumarský Most, bridge at Pěkná	Bridge at Dobrá Chlumský bridge, confluence of cold and Teplá Vltava
			over 61cm (water gauge at Soumarský Most)		Up to 20 registered vessels per hour (i.e. max 180 vessels a day)		
	01.06.-30. 06.	8:00-20:00	50 - 61cm (water gauge at Soumarský Most)		Up to 7 registered vessels per hour (i.e. max 63 vessels a day) + guide (groups of up to 5 boats included do not need a guide)		
			over 61cm (water gauge at Soumarský Most)		Up to 20 registered vessels per hour (i.e. max 180 vessels a day)		
	01.07.-31.08.	8:00-20:00	50 - 61cm (water gauge at Soumarský Most)		Up to 7 registered vessels per hour (i.e. max 63 vessels a day) + guide (groups of up to 5 boats included between 14.00 and 16.00 do not need a guide)		
			over 61cm (water gauge at Soumarský Most)		Up to 20 registered vessels per hour (i.e. max 180 vessels a day)		
	01.09.-31.10.	8:00-20:00	50 - 61cm (water gauge at Soumarský Most)		Up to 7 registered vessels per hour (i.e. max 63 vessels a day) + guide (groups of up to 5 boats included do not need a guide)		
			over 61cm (water gauge at Soumarský Most)		Up to 20 registered vessels per hour (i.e. max 180 vessels a day)		

1) Starting time of individual registered boats (groups) j& 08:00. 9:00. 10:00. 11:00. 12:00. 13:00. 14:00. 15:00 and 16:00 with 15min tolerance after designated hour

2) The stated water levels are marked by lines on staff gauge at Soumarský Most on the bridge pillar. The level on the water staff gauge on the given day at 08.00 is decisive for determination of the water level. Notification, that the following day a condition preventing navigation of the respective section may occur, will be issued when the water level drops below 52cm.

3) The vessel registration for navigation of the Soumarský Most - bridge at Pěkná section is performed through the Internet registration system or during the permitted navigation period at the starting point at Soumarský Most (if vacancies exist). Each registered vessel will be issued an unique registration mark at the starting point at Soumarský Most prior to navigation of the specified section. The mark is used upon eventual inspection to document compliance with sect. 5 and this general arrangement, regarding registration.
